Roaming Group

A Roaming Group only applies to someone who is signed up for small group training but is coming in as an individual or smaller group than agreed upon. I still want to help you achieve your goals, even when scheduling doesn't work out perfectly!

When a client does not show up as a part of a group, the session cost is one session (according to your current package price) + \$10

If group members are missing sessions often, then groups may be broken up at the trainers discretion.

Travel Charge

There is an additional 25% price increase for any sessions, where I, the trainer, need to travel to your location.
